WORK EXPERIENCES

Junior Web Developer October 2023 – Present
Ishkaster Media Inc. *West Ave, Quezon City*

- Developed, customized, and managed websites, themes, plugins, and content across Shopify, WordPress, OctoberCMS, and Laravel-based platforms.
- Managed cross-functional teams, including the graphics and web development teams, ensuring all tasks were completed on schedule and met client expectations.
- Collaborated with the clients, to refine UI/UX design elements and ensure that design alternatives were feasible and within deadlines.
- Facilitated weekly update meetings with the client and internal teams, providing clear communication and managing project timelines.
- Customized Shopify theme storefronts using Liquid templating, app integrations, and store configuration.
- Migrated websites across hosting environments and managed staging setups for smooth development and deployment workflows.
- Configured and maintained domain, email, and hosting environments for multiple client projects
- Researched and recommended appropriate web technologies, frameworks, and third-party services aligned with client needs.
- Collaborated with the Graphics/UI/UX team to review and approve visual assets, ensuring brand consistency across platforms.
- Supported content management, website testing, and debugging to ensure functionality, compatibility, and performance.
- Resolved and troubleshot web-related issues across multiple platforms and client environments.
- Provided user guides and documentation to support client handoffs and ongoing site management.

Web Developer Intern
Baybayin Hub

- Handled product and data entry to ensure accurate and updated content on eCommerce and Booking platforms.
- Collaborated with senior developers on UX improvements and optimized website performance.
- Gained experience with web development tools like HTML, CSS, JavaScript, and WordPress
